

Energy Stars Heating & Cooling Co. is looking to hire you!

Energy Stars Heating & Cooling Co is the largest Residential Energy Efficiency retrofit company in the Metro East area. We are rapidly growing, and need to increase our ability to respond to the demand for our services

We need multiple BPI certified field personnel for auditing, energy modeling and submissions, with a background in retrofit projects, testing, energy modeling and utility incentive programs, specifically Home Efficiency Upgrades in the Metro East.

Most important skill? Enthusiasm for saving homeowners energy while improving their comfort!

If you do not carry the necessary certifications, that is ok! We will train you!

Air Sealing, Insulation, and HVAC knowledge is a huge plus. We'll typically complete 500+ projects in a calendar year and have experienced field staff to get the jobs done right. We need additional staff to speed up the design, submission and assessment process.

And... we're a fun place to work!

Requirements:

BPI Certification- Building Analyst/Envelope Specialist (Preferred)

General Construction Knowledge is a plus

The ability to learn about Building Science and bring that knowledge to the table daily

We offer health benefits (Medical, Dental), Paid Vacation, Paid Holidays and an IRA Retirement Plan. Interested candidates should email their resume to careers@energystarsil.com

Job Type: Full-time

Salary: Dependent on experience level

Experience:

- Energy Auditing: 1 year (Preferred)
- General Construction: 1 year (Preferred)

Location:

- Metro East, Illinois
