

Hoffmann Brothers was Voted St Louis Best Place to work in 2016 & 2018!

Hoffmann Brothers is the premier HVAC, Plumbing, Electrical and Appliance Repair service and installation contractor for over 40 years in the St Louis area. We recognize that our company successes come from our team members, we work very hard to maintain an environment with opportunities unparalleled in our industry. We hire the best and now is your chance to join our growing team. We are looking for experienced Lead HVAC Installation Technicians who excel in customer service, are great problem solvers, thrive in a challenging environment, are positive team players, and self-motivated.

We are looking for HVAC Install Technicians who can successfully install air conditioners, furnaces, heat pumps, ductless systems, ductwork, boilers, and accessories (air filter, thermostats etc.) for residential customers. This will include having knowledge of those systems and keeping in contact closely with customers during the installation. All of our technicians must follow our safety policies and procedures. Meeting and exceeding customer expectations is required.

We offer excellent compensation, company vehicle, paid vacation time, paid holidays, paid training, cell phone reimbursement, company provided Ipad, 401K Matching program, FREE health, dental & vision benefits, tool replacement policy, year round work and an extremely fun working environment. Our company believes in rewarding employees both for individual and team achievements. We have many company functions & events. This position has the opportunity for commissions & bonuses on top of hourly pay!
