

CroppMetcalf is a nationally recognized industry leader. Since our founding in 1979, CroppMetcalf has grown into a multi-trade Service company which offers Heating, Air Conditioning, Home Performance, Electrical, Pest Control, and Plumbing services to both Residential and Commercial customers.

Offering Home Performance work since 1996, CroppMetcalf was one of the first companies in the Washington Area to offer Home Performance testing and remediation work.

The position: CroppMetcalf is looking for a Home Performance Auditor to join our growing Home Performance Division. You will perform residential audits for our customers and then provide a detailed report and customized solutions to solve their comfort, energy, and indoor health issues.

Qualifications:

- Detail oriented
- 2 year experience in one of the following fields; residential construction, energy audits, HVAC sales/field, or equivalent.
- HVAC and/or building background preferred but not required
- Proficient in Microsoft Word, Excel and Outlook
- Excellent communication skills
- Clean driving record required
- Able to pass a drug test and background check
- BPI Preferred Building Analyst certification preferred but not required

CroppMetcalf was founded in 1979 with a Vision TO SERVE. We strive to follow this vision every day to better serve our customers, co-workers, and company. We want the Washington DC Area's very best HVAC, Plumbing, Electrical, and Pest Control professionals on our team.

CroppMetcalf offers a complete benefits package including:

- Medical insurance
- 401k Plan with company match
- Tool allowance
- Guaranteed 40 Program
- Fully stocked truck with mobile restock program
- Paid holidays
- Paid time off (PTO)
- Paid training
- Company discounts on products and services

We look forward to hearing from you! CroppMetcalf is an equal opportunity employer and a drug free workplace.
