

CLEAResult is looking for a Verification Technician in the Syracuse area to work part-time in the field verifying installation of energy efficiency equipment for our contracted utility program work. This part-time position can be flexible in terms of days worked as long as the hours are within the hours of 7:30 am to 7 pm. Chosen candidate must be in the Syracuse area.

The role's responsibilities include:

- Coordinate with Call Center and Office Staff for scheduling
- Upload verification details to client systems
- Complete verification forms and take pictures
- Handle verification's in the central New York area

The candidate will have a professional presentation when doing the verification work in a client's home or business and be able to confidently work independently. Also demonstrate strong communication skills in terms of coordinating scheduling, being on time and alerting the proper constituents in the case of travel or scheduling difficulties. An interest in the Energy Efficiency industry is a plus.
