

Energy Services Crew Member

Job Summary:

Installs energy savings measures in homes to reduce the energy burden on customers within Saratoga and Schenectady Counties.

Major Duties:

- Receive work orders, coordinate with the Production Supervisor and proceed to client's home to perform the prescribed job in a manner that is thorough, courteous, expeditious, and safe.
- Fulfill the work scope as directed by the Crew Chief and/or Production Supervisor including, but not limited to, work on ladders, basements, attics, outside and confining spaces.
- Responsible for knowledge of and incorporating newly provided Weatherization techniques, such as the Minneapolis blower door, digital manometer, combustion appliance zone (CAZ) testing, pressure diagnostics, etc.
- Responsible for the safe operation of hand tools and equipment necessary for the installation of energy reduction measures including, but not limited to, installing high density blown cellulose in sidewalls and attics, replacing windows, and installing air-sealing measures. Follow all safety rules and regulations.
- Maintain and properly care for all tools and equipment.
- Maintain accurate documentation of work performed on each unit, including materials used and problems encountered. Count inventory monthly.
- Perform daily tests including health and safety and blower door tests on units and record results.

Position offers a starting rate of \$12.00 per hour.
