EXPERIENCE

Xavier began his career in the energy efficiency business in 2009. He is an energy efficiency expert having completed thousands of energy efficiency retrofits, audits, and inspections. He is a proven trainer with great ability for project management and implementation. He is known for his ability to combine expert analytical and technical skills for the benefit of peers, clients, students, and stakeholders. Mr. Walter is an excellent communicator that specializes in setting achievable goals and expectations. Maintaining integrity, providing value, and selfless dedication to every task. Consistently seeking opportunities to promote and forward the Energy Efficiency Industry.
