

# Rating Field Inspector

**Location:** Mountain Region of Colorado (Summit, Grand, and Eagle Counties)

**Company:** Deeper Green Consulting

**Salary:** \$60,000–\$70,000 annually, depending on experience

**Benefits:** To be discussed during the interview process

## Job Overview:

Deeper Green Consulting is seeking a hands-on and detail-oriented **Rating Field Inspector** to conduct energy inspections and performance testing for new residential construction in **Summit, Grand, and Eagle counties** in Colorado. This role involves close collaboration with builders, developers, and architects to verify compliance with energy codes and high-performance building programs such as **ENERGY STAR, Zero Energy Ready Home (ZERH)**, and the **IECC**.

The position is approximately **60–75% field-based**, working on-site at client projects, with the remaining **25% dedicated to office work**, including report writing, client communication, and CRM updates.

## Key Responsibilities:

- Conduct HERS inspections and performance testing, including **blower door** and **duct leakage** tests
- Verify compliance with **IECC building codes, ENERGY STAR, ZERH**, and other high-performance building standards
- Prepare clear, detailed inspection reports with **recommendations to improve building performance**
- Maintain and calibrate testing equipment to ensure accurate and consistent results
- Collaborate with project teams to provide technical guidance and troubleshoot field issues

- Maintain accurate documentation and update project records in **Monday.com** or similar CRM platforms
- Build and maintain strong working relationships with builders, architects, and code officials

## **Job Requirements:**

### ***Technical Skills:***

- Solid understanding of **building science, residential energy efficiency**, and field testing
- Experience using diagnostic equipment including **blower door, duct blaster, and infrared cameras**
- Ability to read and interpret **construction blueprints** and field documentation

### ***Certifications (Preferred or Willing to Obtain Within 3 Months):***

- **REQUIRED**
  - **RESNET Rating Field Inspector (RFI)** and/or
  - **RESNET HERS Rater Certification**
- **OPTIONAL**
  - **BPI Building Analyst** or **Envelope Professional**
  - **ENERGY STAR Rater Training**
  - **DOE Zero Energy Ready Home (ZERH) Verifier Training**
  - **National Green Building Standard (NGBS) Verifier**
  - Familiarity with **IECC/IRC codes** or **ICC certification** is a plus

### ***Technology Skills:***

- Proficiency in **Microsoft Office** (Word, Excel, Outlook, PowerPoint)
- Experience with **CRM systems** (e.g., Monday.com)
- Exposure to modeling tools such as **SketchUp, AutoCAD, Ekotrope, or REMrate**

### ***Communication:***

- Excellent **verbal and written communication** skills to interact with builders, trades, and homeowners

### ***Physical Requirements:***

- Ability to lift up to **50 lbs**
- Must have a **reliable vehicle, valid driver's license**, and a **clean driving record**

### **Why Join Deeper Green?**

We are a mission-driven consulting firm based in the heart of Colorado's mountain region, committed to advancing energy efficiency and high-performance building practices. Our small but experienced team supports builders, developers, and architects in creating better homes — and we do it while prioritizing **work-life balance, professional growth, and meaningful impact.**
